14. After installing Java, restart your web browser.

15. You should be able to log into FAMIS.

Figure 11 - FAMIS Home Page

When Java is installed, the Automatic Updates in the Java Console is set to automatically download the latest version of Java. Currently, Banner and FAMIS use the Java Runtime Engine (JRE), currently Version 6, Update 33. The most current version of Java is Version 7, Update 5. At this time, Banner and FAMIS do not work with Version 7.

For instructions on how to turn off the automatic updates, click here
